SizeMode : Zoom

Location : 181; 86

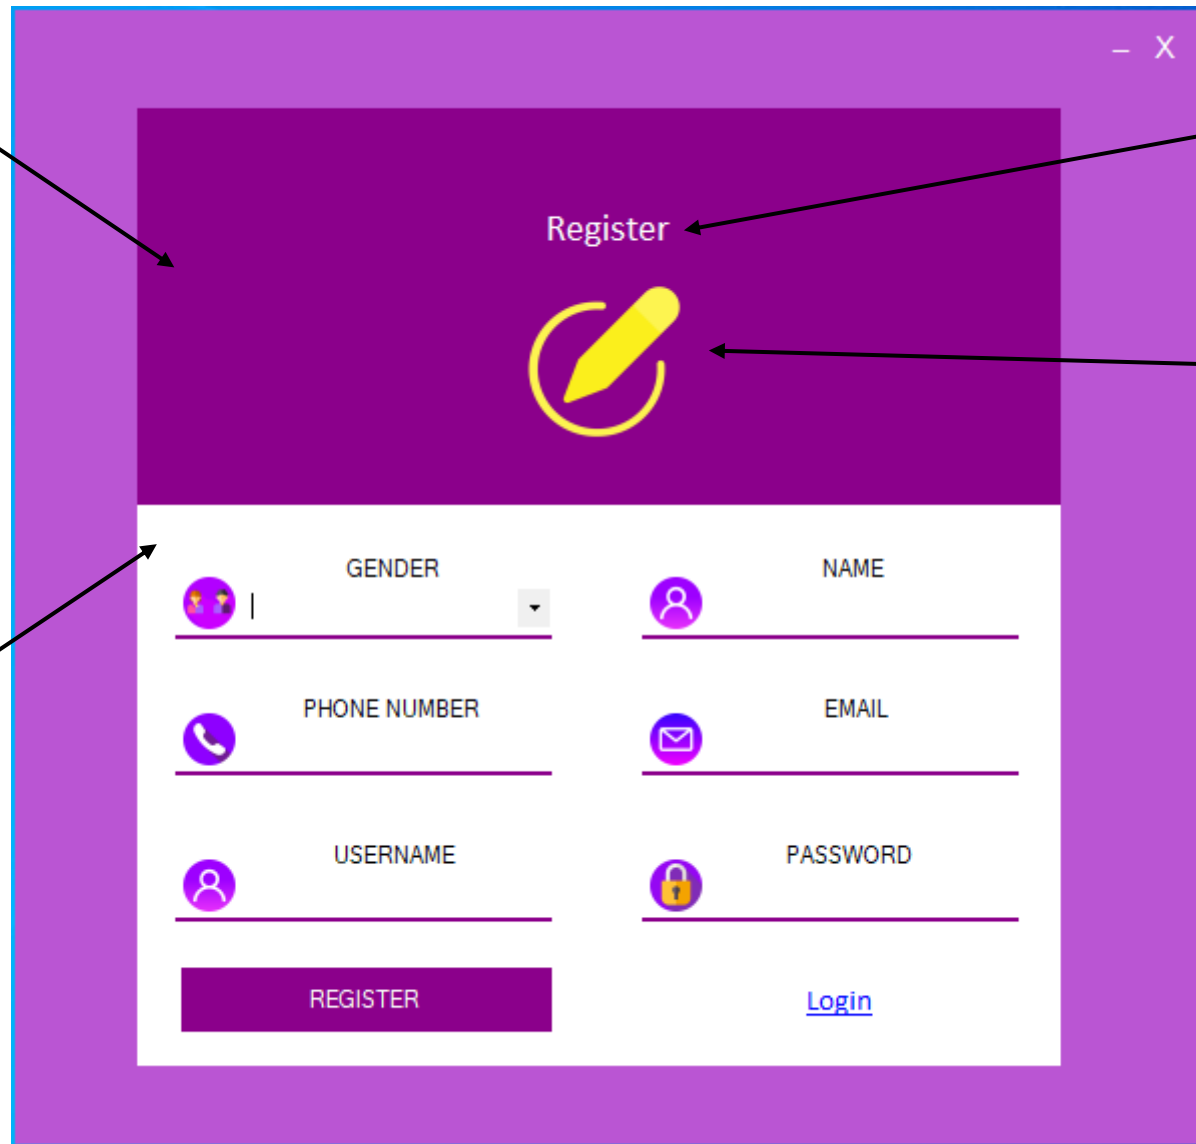

Size : 105 ; 81

Panel

BackColor : White

Location : 61 ;245

Size : 461 ; 282

The screenshot displays a Windows application window titled 'Register'. The window has a dark magenta title bar with standard minimize, maximize, and close buttons. The main content area is divided into two panels. The top panel has a dark magenta background and contains the text 'Register' and a yellow pencil icon inside a circular arrow. The bottom panel has a white background and contains a registration form. The form has six input fields arranged in two columns: 'GENDER' (with a dropdown arrow), 'NAME', 'PHONE NUMBER', 'EMAIL', 'USERNAME', and 'PASSWORD'. Each field has a corresponding icon to its left: a group of people for gender, a person for name, a phone for phone number, an envelope for email, a person for username, and a padlock for password. At the bottom of the form, there is a dark magenta button labeled 'REGISTER' and a blue underlined link labeled 'Login'.
